MEDIA EDUCATION FOR AWARE ADULTS - MEAA

As we navigate the intricate landscape of media education, we are thrilled to offer you an exclusive glimpse into our ongoing endeavors. At the forefront of our initiatives is the development of the WP3 Online Platform and the Final TPM in Trani.

Final TPM in Trani

Our last meeting took place in Trani, Italy on 26 and 27 June 2024. Petit Pas was the host of the meeting and welcomed everyone. The meeting was an overview to all the materials and outsources that have been created through the life of the project.

The project

Project start date:

November 2022

Project end date:

November 2024

Project results:

1. Digital Competences Framework

2. Handbook - Media Education for Aware Adults

3. Online platform and training material on MEDIA EDUCATION

Also the partnership talked regarding the updates and fine-tuning of the "Handbook Media Education for Aware Adults" under WP2, ensuring it's ready for release in the project's website soon

Innovation Hive took centre stage with updates on the online platform's development and training material and discussed improvements crucial for maximizing impact.

STP led discussions on developing recommendations and gathered insightful feedback from all partners. The afternoon session focused on evidence collection from focus groups and piloting activities, crucial for refining our approach.

Lastly all the partners, explored plans for multiplier events and online international focus groups, setting the stage for extensive dissemination and feedback.

The Online platform

The aim of the interactive online platform and training material for MEDIA EDUCATION is to enable teachers/trainers to develop a deep understanding of digital media and digital literacy, digital skills such as content creation, and online communication and the ability to ensure digital privacy, as well as to be able to train others in the context of their work.

Our platform consists of learning nuggets (easy, fun and interactive ways to learn). The partners expect for the quality of the materials are focused on making the platform as interactive as possible.

Follow us on social media, be part of the transformative initiative and together, let's shape the future of media education!
